

5th CERTIFICATE COURSE ON END OF LIFE CARE IN LONG TERM CARE

Purpose and Features of the Course:

- Emphasizes both theoretical understanding and practical application, designed according to the specific context of Hong Kong, while ensuring high applicability
- Prepares institutions to develop end-of-life care policies and services
- Teachers and tutors are professionals who are experts in the field of end-of-life care, including university professors, practicing doctors, specialized nurses, social workers, and lawyers
- Participants from different organizations can establish a cross-institutional peer support network
- Certificates and professional credits will be awarded after completing the course (with a minimum attendance rate of 80%), passing the final presentation and the written assignment

Target Participants:

- Managers of long-term care facilities, professionals in long-term nursing services, and social welfare sectors
- Chaplaincy and pastoral care workers
